Speakers:

- **John C Comisi, DDS, MAGD**, Associate Professor, Department of Oral Rehabilitation, Restorative Dentistry, James B. Edwards College of Dental Medicine, Medical University of South Carolina. The topic will be "The Balanced Oral Environment and the Restorative Challenges We Encounter." This course will explore an entirety of patient care options and methodologies, including cardiology, preventive care, diagnostics, minimally invasive dentistry, periodontal management, and how bio-interactive materials can and should be considered in your current patient care and what is on the horizon.
- **Shannon Pace Brinker** will be speaking on skills for dental staff. Ms. Brinker has been a practicing dental assistant for over 30 years. She has published over 200 articles regarding Clinical Application and taught thousands of dental assistants across the US and Canada. She has her own publication for dental assistants, "From Our Side of The Chair" ®.
- **Marie Fluent, DDS**, will be speaking on Infection control, Eye Safety in Dentistry, and Antibiotic Stewardship Practices in Dentistry: A Team Approach! Dr. Fluent's dental career spans 35 years and includes roles as a dentist, both as an associate and practice owner, infection control coordinator, office manager, and dental assistant. She has educated thousands of dental professionals and students nationally and internationally through her writing, webinars, and invited lectures. Dr. Fluent is an expert on infection control in the dental setting, OSHA compliance, and responsible antibiotic prescribing.
