

Greetings:

It's the time of year for confirmation of your local component 2023 dues.

Enclosed you will find a District Billing Table that details your 2022 dues and provides a table for your 2023 dues. Please fill in the 2023 table with the approved total dollar amounts for each membership category. The amount listed in the 2023 table will be the amount billed on the membership invoices this fall. The MDA is requesting this information no later than Monday, Aug. 1, 2022.

To streamline the dues process you are encouraged to align with the ADA and MDA and only offer Rates A and C for graduated dues. To assist in this transition and reduce confusion, you will see that Rate A (\$0) and C (50% of Rate 1) are the only graduated dues amounts listed in the 2023 District Billing Table. If your component still wishes to offer Rates B and D, please add them to the bottom of your chart with the appropriate amounts.

Starting in September, the Quarter-Year Dues Recruitment Campaign will again promote the 15 for 12 offer. The new promotion launched in the fall of 2022 and was very successful, resulting in 42 new members with a 95% retention rate. The 2023 Rate 1A amount will likely be your 2022 Rate 1 amount unless you are making significant changes to your 2023 Rate 1 amount.

Again, please return your District Billing Table by Aug. 1, 2022.

There are two dues charts below. The one on the left details the amount your component charged for dues in 2022. The chart on the right is for 2023 dues and must be filled out entirely. The amount entered into the 2023 chart will be the amount charged to members in 2023.

The MDA is preparing dues invoices to be sent out in the fall. Your timely return of this information is appreciated so invoices go out on schedule. Please return this form by **Aug. 1, 2022**.
