CBCT UTILIZATION

FOR THE GENERAL DENTIST OR DENTAL SPECIALIST

Angela Hoikka, D.D.S., M.S.

Diplomat, American Board of Oral and Maxillofacial Radiology

Assistant Clinical Professor, Radiology University of Detroit Mercy – School of Dentistry

Two (2) Hours CE

The Detroit District Dental Society and the Detroit Dental Clinic Club present Clinical Assistant Professor Dr. Angela Hoikka at the University of Detroit School of Dentistry for an educational seminar intended as an introduction to CBCT utilization for the general dentist or dental specialist. The evening will include a light dinner and hands-on session in the UDM Radiology Clinic.

- CBCT justification, reporting, and software utilization, featuring a hands-on workshop with the Carestream 8100 CBCT in the UDM Radiology Clinic.
- Common pathology look-alike lesions and using CBCT scans for implant planning through utilization of secondary reconstruction. Participants will also complete a hands-on session using the new Viso 7 AI-incorporated CBCT unit, with opportunities to perform scans on dry skulls.
- Since orders will have to be logged into the UDM system prior to the class, practitioners wishing to have a CBCT scan taken of themselves must email ahead. Emails must contain: Name of patient, name of referring dentist, date of birth, justification of orders and desired field of view for the exposure.
- (Email to: hoikkaam@udmercy.edu)

REGISTRATION: Members (Detroit District Dental Society or Detroit Dental Clinic Club)
